

WHY CHOOSE MID-ATLANTIC STEEL FABRICATION?

SUPERIOR CRAFTSMANSHIP MEETS STATE-OF-THE-ART TECHNOLOGY.

Decades of experience in laser-cutting and steel-fabrication combined with the advantages of CAD and CNC technology make Mid-Atlantic your choice for laser cutting and CNC forming. The superior workmanship of Mid-Atlantic is backed by our investment in the best state-of-the-art equipment and technology making our laser-cutting, CNC forming, and metal fabrication services some of the best in the industry.

OUR SERVICES

- Laser Cutting
- Metal Cutting
- CNC Forming
- Welding
- Decorative Metal Fabrication
- Countersinking
- Tapping & Hardware Insertion
- 3D CAD Design
- Powder Coating

OUR EQUIPMENT

LASER CUTTING

Our fully automated laser cutting system can handle a wide range of cutting tasks over many unique applications. We feature the TRUMPF TruLaser 3030. TRUMPF is the world-market leader in industrial lasers and laser cutting systems. This state-of-the-art technology allows us to quickly, cleanly, and precisely cut the parts to meet your project needs. The versatility and ease-of-use of this piece of equipment allows our team to respond to your needs quickly, and with a high level of precision and flexibility.

Learn more at masteelfab.com/services/laser-cutting.

Cutting capabilities are mild steel up to 1", stainless up to 1/2", and aluminum up to 3/8".

CNC FORMING

The innovative design of the TRUMPF TruBend 5130 allows for cost-effective metal bending and high productivity, meaning better part costs passed on to you. Mid-Atlantic is able to bend, mold, and shape materials to your exact specifications and handle projects of many scopes and sizes - from simple to complex - allowing for consistent, precision formed parts from the first piece to the last.

Learn more at masteelfab.com/services/cnc-forming.

Forming capabilities parts up to 120" long.

CHOOSE MID-ATLANTIC. CHOOSE RIGHT THE FIRST TIME.

We take the time to listen to your design needs to better focus on the goal behind your project. As a team, we not only understand how to complete your project, we understand the importance of getting it done right — **on-time and on-budget**.

We look forward to working with you.
